**TECHNICAL COMPLETENESS FOR THE PERMIT RENEWAL APPLICATION, FOR THE NAVAL BASE SAN DIEGO (AKA NAVAL STATION SAN DIEGO) HAZARDOUS WASTE CONSOLIDATION, STORAGE AND TRANSFER FACILITY, BUILDING 3458, SAN DIEGO, CALIFORNIA, EPA ID NUMBER CA6 170 024 289**

Dear Ms. Graulau:

The Department of Toxic Substances Control (DTSC) has completed the technical review of the Permit Renewal Application (Application) dated January 26, 2017 with subsequent revisions dated March 15, 2017, July 31, 2017 and March 15, 2018 for the Hazardous Waste Container Consolidation, Storage and Transfer Facility at Building 3458, Naval Base San Diego (32nd Street).

DTSC considers the Permit Application listed above to be technically complete. Based on the information provided in the Application, DTSC has prepared a draft Hazardous Waste Facility Permit (Permit). DTSC will be proposing to approve the draft Permit. DTSC has also drafted a Notice of Exemption for the draft Permit to comply with the California Environmental Quality Act.

The draft Permit and Administrative Record will be made available for public review and comment during a public comment period. If DTSC determines that additional information is needed to clarify, modify or supplement previously submitted material, DTSC reserves the right to require this information from Naval Base San Diego. You will soon receive a notice of a public comment period for the draft permit.
