RICHMOND, CALIFORNIA EPA ID NO. CAD043237486

Dear Ms. Anderson:

The Department of Toxic Substances Control (DTSC) has reviewed the Resource Conservation and Recovery Act (RCRA) Part B Permit Renewal Application, dated February 11, 2010, for Chevron Environmental Management Company (CEMC), located at 940 Hensley Street, in Richmond, California.

As a result of this review, DTSC hereby determines your permit application as technically complete. Although the application is considered technically complete, DTSC may request additional information when necessary to clarify, modify, or supplement previously submitted information.

DTSC plans to issue a public notice to the RCRA Part B Permit Renewal Application on February 25, 2010. Until a permit is issued, CEMC is authorized to operate under the existing Hazardous Waste Facility (HWF) Permit issued by DTSC on August 16, 1999. CEMC shall comply with conditions specified in the 1999 HWF Permit.
