TECHNICAL REVIEW, FIRST NOTICE OF DEFICIENCY FOR THE PERMIT
RENEWAL APPLICATION FOR THE P. KAY METAL, INC. FACILITY
(EPA ID NUMBER CAL000024110)

Dear Mr. Cabana:

The Department of Toxic Substances Control (DTSC) received the additional sections missing from the Part B permit application (Application) on January 30, 2008 for P. Kay Metal Inc. facility located at 2448 East 25th Street, Los Angeles, California. The Permit renewal application (Application) consists of the January 23, 2008 submittal and the Request to Modify Standardized Permit dated April 2002. The Application is still administrative incomplete but DTSC began the technical review of the Application.

Enclosed is the first Notice of Deficiency (NOD). In order to have the Application administratively complete, a proper training plan and an inspection plan must be submitted as part of the Application. The NOD contains a sample of a training plan and an inspection plan to help you prepare one for the P. Kay Metal, Inc. facility.

In addition to the submittal of the training and inspection plans, please revise the Application according to all comments in the NOD. Please submit the revised Application within 30 days from the date of this letter.
